

METHOD STATEMENT

Internal & External Window Cleaning

Internal & external window cleaning work comprising of the washing, drying and polishing of all internal & external windows shall be carried out by a team of 2x uniformed professional window cleaners using certified safety anchor eyebolts and harnesses on any floor one level or more above ground floor.

Where ladders are to be used, barriers will be placed around ladders when the window cleaners are operating with appropriate warning signs posted to alert members of the public or other operatives.

All equipment used conforms to British and European safety standards.

All work done will be carried out in compliance with Health & Safety Council guidelines.
